# About Us

**English Creations Craze** is a widely recognized enterprise engaged as **manufacturer** and **exporter** of exclusive variety of **silk stoles, scarves, shawls, woolen shawls, lycra stoles, etc.** The company was established in **1988** and since then we have emerged as a manufacturer of excellent quality products in marvelous designs and trend setting patterns. Led by an experienced team of professionals and managed by a team of diligent staff, we are marching ahead to be as one of the top reputed and leading players in our area of operations. Every aspect of production quality is given supreme importance and the whole working team take the responsibility to supply only best quality products to our valued customers. We are extremely concerned about our responsibilities and duties towards the society and to maintain the flow of discipline in every phase of production, we follow strict corporate ethics. This attitude encourages our employees for sincere efforts leading to quality output and prompt delivery schedules.

ased in Amritsar, Punjab, India, English Creations Craze is a well known manufacturer and exporter of superior quality Shawls, Lycra Stoles, Silk Jacquard Stoles, Viscose Jacquard Shawls, Pure Silk Reversible Stoles, and more. The offered winter wear are manufactured using top-grade wool to attain comfort, durability and strength. Further, our Wool Jacquard Shawls are immensely appreciated for their stylish design, ideal warmth, zero-defect, etc.

## Quality

The fascinating array of silk jacquard stoles, viscose lycra stoles, pure silk reversible stoles, etc. are made from best quality raw materials purchased from authentic dealers. Yarn, thread and other material required for production are thoroughly checked before they are passed to the manufacturing unit. We have adopted the rigorous quality control methods which are implemented under the supervision of experts and professionals. Our team of skilled designers have the spirit to offer every time something new to the market. Within few years of our establishment, we have been getting great appreciation from our clients in terms of designs, texture and quality of our products.

## Infrastructure

The target of outstanding quality at competitive price can only be achieved with the availability of latest machines and sound infrastructure. We have developed a strong manufacturing base installed with all the machinery and equipment of latest version. We even provide a congenial working environment to our workers and the team members where they get best opportunity to nurture their talent and enhance their skills and creativity.
